ABOUT US

EAGLE INDUSTRIES IS A PREMIUM ALUMINUM MANUFACTURING COMPANY THAT SPECIALIZES IN TRUCK ACCESSORIES FOR PASSENGER AND COMMERCIAL TRUCKS.

Eagle Industries has been a family owned and operated business since the early 2000's in Vernon, British Columbia, Canada. Started locally, Eagle Industries has long served the Okanagan Valley with premium made aluminum truck accessories.

Under new ownership as of November 2023, we are continuing the family business tradition and the long-standing reputation of being a proud, local manufacturing company.

Looking to spread its wings, Eagle Industries is keen to share the quality craftsmanship that defines the Eagle product line across Canada. You will not find better made aluminum headache racks, caps and rails, dry boxes and fuel tanks for the recreational and work truck industry.

I look forward to equipping you with our outstanding products to help your truck vision become a reality.

MATT JACKSON

President

HEADACHE RACK

OUR SIGNATURE PRODUCT RUGGED, ICONIC AND UNMISTAKABLY EAGLE

A Headache Rack protects the back of your cab, rear window and vehicle occupants from objects in the pickup box and gives you the option of adding backup/box lights, beacon and flag mounts, fire extinguishers and a place to put materials, ladders or more importantly, a small boat so you can hit your secret fishing hole.

Headache Rack Options:

- \$575 – OG Headache Rack - the legendary Eagle rack - 2" x 2" square tubing
- \$625 – HD Headache Rack - for bigger trucks and heavier loads - 3" x 2" rectangle tubing
- \$675 – SD Headache Rack - for really big trucks and loads - 4" x 2" rectangle tubing
- \$860 – Prewired with Lights
- \$210 – Add Mesh
- \$ 85 – Add Beacon Mount/Flag Mount
- \$145 – Add Short Rails
- \$405 - Rear Rack (clip-on or drop-in pocket style)
- \$200 - Pockets for drop-in pocket style rear rack

Powder Coating:

- \$250 - Carbon Black
- \$250 - Sandtex Black (sandlike texture)
- \$250 - White
- \$300 - Custom colors

CAPS & RAILS

FUEL TANK/TOOL BOX

THE LOGGER SPECIAL OR HOE OPERATOR SPECIAL AROUND THESE PARTS, THE FUEL TANK/TOOL BOX COMBO PACKS ALL THE FUEL AND TOOLS YOU NEED WHEN YOU NEED THEM

Another Eagle Industries signature product, our Fuel Tank / Tool Box Combo is popular with logging contractors, equipment operators, farmers and anyone that needs to have fuel and a secure place for tools and supplies.

Our standard size fuel tank is an L shape tank with up to 450L capacity and has the tool box mounted on top of the fuel tank.

We have other designs where the fuel tank and tool box are front to back or fuel on the bottom and tools on top with a lid to protect the pump and hose and we can completely customize to your fuel capacity, shape and size.

Prices and options:

- \$1895 – Fuel Tank Only - 3/16" Fuel Tank
- \$2495 – Fuel Tank / Tool Box Combo 450L - 3/16" Fuel Tank with 1/8" Tool Box
- \$3350 – Fuel Tank / Tool Box Combo With Transfer Pump

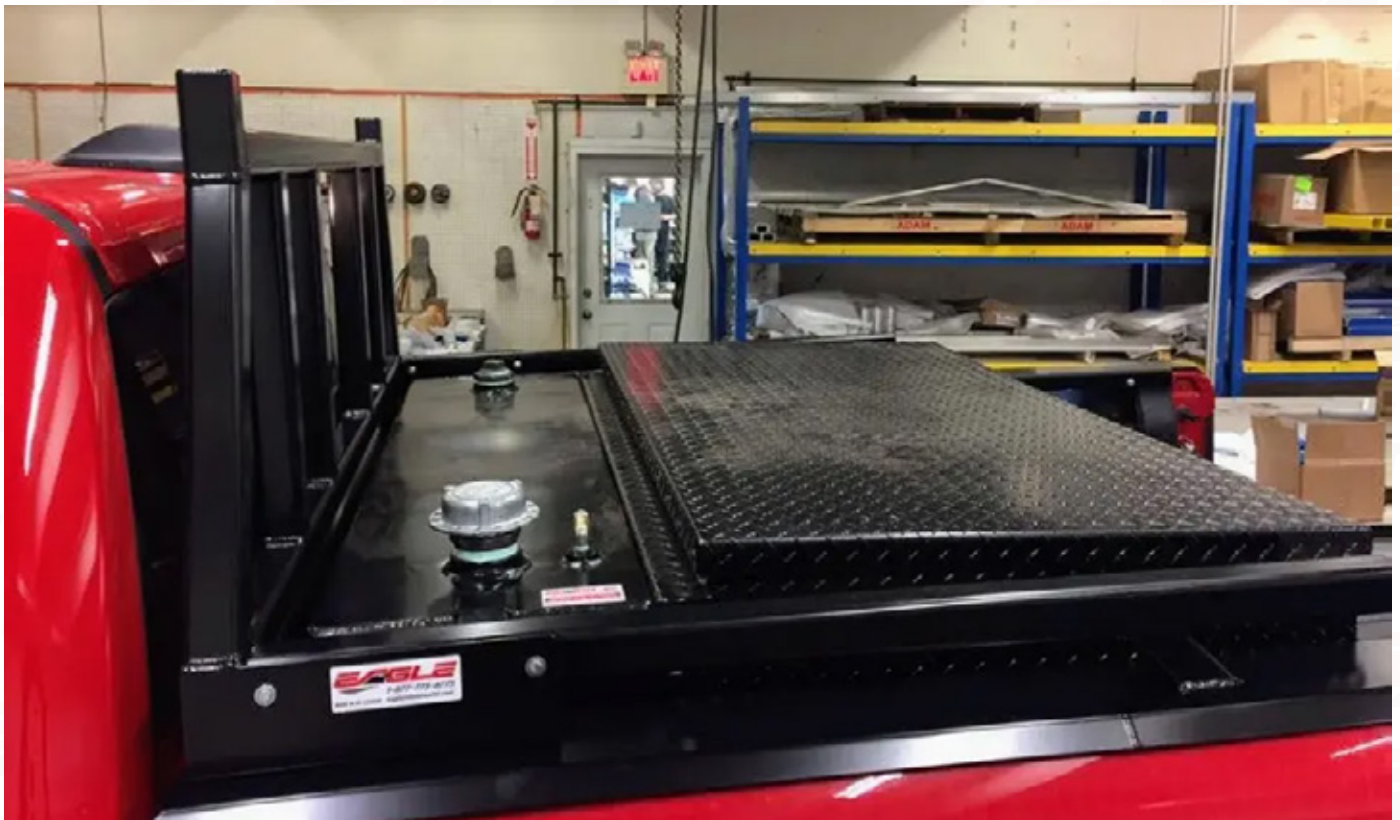

450L Fuel Tank / Tool Box Combo Dimensions:

- The L shaped fuel tank comes in 56" or 48" width options with a taper to 48" to fit between the wheel wells
- 48" wide tool box available in a range of sizes

CROSS BOX TOOL BOX

DRY BOX TOOL BOX

KEEPING YOUR TOOLS AND OTHER VALUABLES ACCESSIBLE AND SECURE IN YOUR TRUCK BOX

Lots of folks call it a dry box because it's a dry (and secure) place for your tools. These boxes can take a licking because they're built with thicker material than the competition. We have customers who have moved their dry box through 5 pickups over 20+ years of industrial use.

Access and security is provided by stainless steel latches with keyed-alike locks which are interconnected so when you open one latch it opens both sides.

Choose from smooth or checkerplate material for the construction of the box and select from aluminum color or have the tool box powder coated one of our standard colors or custom coated to any color you can imagine.

We have three standard sizes and can custom build to your specs:

- \$825 – 20" x 20" x 48" (Tall x Deep x Wide)
- \$925 – 20" x 20" x 56"
- \$925 – 20" x 20" x 60"

Powder Coating:

- \$250 - Carbon Black
- \$250 - Sandtex Black (sandlike texture)
- \$300 - Custom colors

DRY BOX TOOL BOX

SEMI TRUCK BOXES

STEP BOXES, SADDLE BOXES, UNDER BODY AND BEHIND CAB BOXES

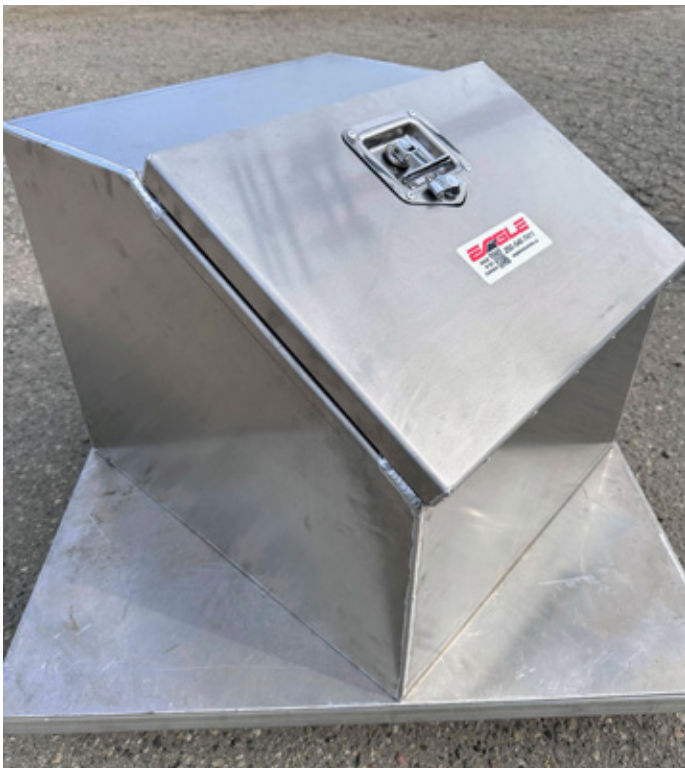

There are as many different types of commercial trucks as there are storage needs on the truck. We have a growing range of boxes for semi trucks so if it's not an existing design we will custom build to your specs.

- \$ 795-895 - Boot box (no step)
- \$ 850-950 - Step box
- \$800-1600 - Under Body Box

SEMI TRUCK BOXES

TECH DECK BOX

**WHATEVER YOU DO, DON'T CALL YOUR WELDER A TECH!
WITH THAT SAID... WE'VE CALLED THESE OUR TECH BOXES
BECAUSE YOUR TECHNICIAN, WELDER OR MECHANIC FILLS
THEM WITH ALL THEIR TECHNICAL TOOLS**

Adding custom boxes to your pickup, flatdeck, dump truck, mechanic truck or welding truck puts all your tools and storage exactly where you want it to greatly enhance the functionality and efficiency of your crews and business.

We will custom build boxes, tool holders, racks, fuel tanks, safety steps and anything else you need to equip your trucks to get the job done right.

Contact us for pricing.

TECH DECK BOX

UNDER BODY BOX

ADD VALUABLE DRY AND SECURE STORAGE UNDER THE DECK OF YOUR CRANE TRUCK, FLAT DECK, CREW TRUCK OR TRAILER

Whether it's mounted on your big rig, under a trailer deck, on your arborist box or service body, each under box is custom made to fit your application.

Access and security is provided by stainless steel latches with keyed-alike locks which are interconnected so when you open one latch it opens both sides. OR, opt for the drop down door with chains.

Choose from smooth or checkerplate material for the construction of the box and select from aluminum color or have the tool box powder coated.

Prices range from \$800 - 1600.
